parking, without clear notice that this is a violation of the law. The same way with smoking. A lot of people are not aware of all of the areas where you can smoke, and the ones where you cannot smoke. As a non-smoker perhaps I would like to gravitate to those areas where I know people cannot smoke, where they are told by a sign that they cannot smoke. I do not have to tell them. So I think this amendment is not going to work a hardship on anybody. It's not going to touch the problem of inflation, stag-flation, recession, employment or unemployment. It's a simple measure of letting people know where they are not allowed, according to law, to smoke. I think the amendment ought to be accepted which allows the signs to be posted.

SENATOR SAVAGE: The Chair recognizes Senator Nichol.

SENATOR NICHOL: Apparently, Mr. President, members of the Legislature, apparently, when the gentlemen's agreement was reached Mrs. Marsh wasn't consulted. Maybe we should include the lady when we make a gentlemen's agreement. I simply rise to support the bill. I see nothing wrong with posting no smoking signs where they should be. Furthermore I see nothing wrong with redefining what is smoking. So I support it.

SENATOR SAVAGE: The Chair recognizes Senator Bereuter.

SENATOR BEREUTER: Mr. Chairman, members of this body, I think the bill, even if it's enacted the way it is, will be extremely hard to enforce. What we have to rely on is the growing courtesy of smokers to other smokers and to non-smokers. I think, therefore, the reminder - the constant reminder, especially the first few years, would be very important. Therefore, I think that signs should be placed in elevators for that purpose. I feel that most non-smokers are becoming more concerned about . . . more smokers are becoming concerned about their fellow people. Without it, we're not going to have real enforcement.

SENATOR SAVAGE: Is there any further discussion? If not, the question is to adopt Senator Kelly's amendment. Record your vote. Have you all voted? Have you all voted, if so, record the vote Mr. Clerk.

CLERK: 6 ayes, 23 nays, 20 not voting.

SENATOR SAVAGE: The amendment is defeated. Kelly loses another one.

CLERK: I have a motion, Mr. President.

SENATOR SAVAGE: Read the motion.

CLERK: Mr. President, I move to amend LB 75 to repeal original Section 28-1031.01. Signed, Senator F. Lewis.

SENATOR SAVAGE: Senator Lewis.

SENATOR F. LEWIS: Mr. President, this amendment would put us back before the vote last year, when again I offered you the benefit of my wisdom. Once again you refused to take it. I approach this with some degree of seriousness because it's probably a serious issue to me. In a way it's not a serious issue to others. I said last year, this was
